Reference: OWD Issuance 13-2017

Supportive Services are those services necessary to enable an individual to participate in activities authorized under WIOA, Title I.

The extent of Supportive Services provided will vary based on customer needs and availability of funds and resources. The Workforce Development Board (WDB) has approved a maximum cost per participant per program funding year of \$1,000. In such cases where the maximum amount has been exhausted and further needs arise, the participant must submit, in writing, justification for the need of additional supportive services. Written approval from the WDB Executive Director is required before exceeding the maximum. Eligibility or enrollment in WIOA does not constitute entitlement to any support service. Supportive service funding is based on availability of program funds.

Supportive Services payments are requested individually for specific needs. Supportive services are not intended to meet the every need of the participant. Rather, they provide temporary assistance. For this reason, staff should assist the participant in developing a plan to cover the supported costs once WIOA Title I funds are no longer appropriate for the individual. This plan must be documented in case note.

Supportive Services may include transportation assistance for clinicals, child care and dependent care, emergency aid, school or work related supplies/tools, and needs-related payments that assist in removing or reducing barriers to participate in WIOA Title I activities. Assistive technology/equipment may be included in this definition *if* staff document the customer needs this technology/equipment in order to participate in the WIOA activity *and* are unable to obtain it from other resources. The justification for WIOA Supportive Service payments must be documented in case notes.

Staff must adhere to all rules and regulations set forth in OWD Issuance 13-2017, Attachment 1 and any and all amended Statewide Supportive Service Policies put into effect hereafter. Duplicate payments must be avoided when the customer is eligible for both WIOA and other assistance.

Supportive Services will be provided to individuals fully enrolled in a Workforce Innovation and Opportunities Act (WIOA) program. These programs may include Adult/Dislocated Worker/Youth/National Emergency Grant/Rapid Response/Additional Assistance programs/Others as funded. Documents supporting the individual’s need are to be based on results of initial Assessment, Individual Service Strategy (ISS), Financial Needs Assessment, and the Needs Based Analysis.

NEEDS-BASED ANALYSIS

Supportive Service payments are requested individually for specific needs. Because WIOA programs are not an entitlement, Supportive Service payments are made on a case-by-case basis only when determined necessary and reasonable. Payments should not be made for non-WIOA activities or for items that are not necessary for participation in the WIOA activity. A statement that a customer “needs” a Supportive Service will not justify the payment of these expenses. The need for continued Supportive Services must be re-evaluated every 90 days.

For example, customer states he needs brakes. The payment cannot be authorized on this statement alone; but instead, must be related to the WIOA activity; based on customer need; and other resources must be sought first. The service provider’s determination of financial need must be documented at a minimum through case notes.

Due to funding limitations, WIOA Supportive Services should be the payment of last resort. All other sources of funding must be sought first. If a customer is enrolled in Trade Act or SkillUp, this funding source must be utilized prior to WIOA funding. If a customer is enrolled in SkillUp a financial assessment is not necessary to be eligible for supportive services. If the customer needs resources not covered by the Trade Act or SkillUp, local policy should be followed to provide support services to the participant. All attempts to find other Supportive Service funding and the reasons for needing WIOA funding must be documented in case notes. Each Job Center will keep up to date resource guide that includes community resources, faith based organizations, and other community organizations to make referrals prior to paying Supportive Services.

Examples of possible community resources:

- Faith-based organizations;
- Non-profit organizations; community action agencies
- Women’s shelters;
- Clothes closets;
- Pro bono medical, dental, and legal services (may or may not need to be accessed through an organization);
- Government assistance such as: local health departments, WIC, assistive technology reimbursement programs, MO HealthNet, Low Income Home Energy Assistance Program (LIHEAP), Housing and Urban Development (HUD), etc.;
- Local transportation programs; and
- Statewide and nationwide organizations such as: United Way, Goodwill, Salvation Army, etc.

The latest version of the WDB/Supportive Service form (currently dated 6/25/2019) and a West Central Region Requisition form (if applicable) must be completed by the Case Manager prior to any supportive service payment being issued. All required documentation (time sheets, receipts, etc.) must be attached to the forms with the required signatures, submitted for approval and placed in the participant’s file.

Transportation to/from Clinical Sites

Transportation allowance/mileage reimbursement must comply with the following:

Transportation allowance/mileage reimbursement will only be available to participants who have to travel to clinical sites as part of their training.

- Clinical site must be more than forty (40) miles one way from the school/training site.
- Reimbursement will be \$10.00 per day.
- Documentation of insurance coverage is required prior to transportation allowance/mileage reimbursement.
- If it is determined that there is an immediate need and the participant must have assistance before they travel to the clinical site, special consideration will be given to assist the participant. The WDB staff will provide approval before assistance is given.
